

Serial No.: 09/926,494
Atty. Docket No.: P67265US0

IN THE SPECIFICATION:

Please add the following new line on page 1, after the title and before the first full paragraph:

--Background of the Invention--.

Please add the following new line on page 1 after the second full paragraph and before the third full paragraph:

--Summary of the Invention--.

Please add the following new line on page 16 after the second full paragraph and before the third full paragraph:

--Brief Description of the Drawings--.

Please add the following new paragraph on page 16 after the third full paragraph and before the line "Preferred Embodiment":

--Fig. 1 is a solution processed single layer polymer electroluminescent (EL) device.

Fig. 2 is a cross-section showing the vertical layer structure of the LED structure.

Figs. 3a and 3b depict a completed device structure.

Fig. 4 shows the EL spectra measured at two adjacent pixels operating at the same bias and current.

Fig. 5 is a graph of the light output of two pixels on corrugated and uncorrugated substrates.

Serial No.: 09/926,494
Atty. Docket No.: P67265US0

Fig. 6 is the graph of Fig. 5 on a logarithmic scale.

Fig. 7 is a graph depicting emitted light detected through polarizers.

Fig. 8 is a partial cross-section similar to Fig. 2 (in part) but with regions of different periodicity.--
